XT™	UP TO 500 lbs	25"	31.5" - 62.5"
PRO	UP TO 750 lbs	28"	31.5" - 62.5"
FRONT END WEIGHTS OF ZTR MOWERS AVERAGE 20 - 30% OF TOTAL MOWER WEIGHT			
FRONT END WEIGHTS OF TRACTOR MOWERS AVERAGE 30 - 50% OF TOTAL MOWER WEIGHT			

This chart represents an independent study of riding mower weight and deck size ranges in the market. Please check your MOWER OWNERS MANUAL to find out the exact mower weight.

This chart represents recommendations ONLY to the consumer on the adequate MoJack mower lift for their mower based on the total weight and the related deck size ranges (independent study).

The shaded area is the recommended maximum weight suggested for the MoJack lift.
