

#700423 40" Universal tractor winter cab

To make sure this cab will fit on your tractor please verify that the measurements :

- A) Rear height (45.50")
- B) Front height (55.25")
- C) Length (45.50")
- D) Width (40")

are suitable to your tractor and that the rop bar installed on your tractor as well as any other attachments does not come into interference with the cab.
