# STRYKER *STAND-ON*

**MODELS:**

**2648** 26hp, 48" Deck

**2654** 26hp, 54" Deck

Stryker 2654 shown\*

## STAND UP FOR SPEED, QUALITY AND RELIABILITY.

Dixie Chopper is proud to introduce the **Stryker Stand-On** series into our commercial line-up. Our newest mower packs a lot of power in a small footprint and features:

- **American Muscle** – The new Vanguard® 810cc series provides power and performance into a heavy-duty 26 horsepower engine.
- **Compact Stand-On Design** – The Stryker's small footprint allows it to fit through narrow gates and take up less trailer space.
- **Industrial Strength** – Forged from 7-gauge steel and 14-gauge stainless steel, the Stryker is built for the rigors of commercial mowing.
- **Versatile Design** – Flip up the operator platform to use the Stryker as a conventional walk-behind, giving you more mowing options.
- **Deeper Deck** – The large V6 deck features 7-gauge steel and can easily handle large volumes of grass without slowing you down.
- **Built-In Footsteps** – Allows you to shift weight balance for better traction along hillsides.

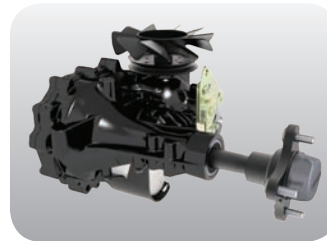

\*Actual production model may vary

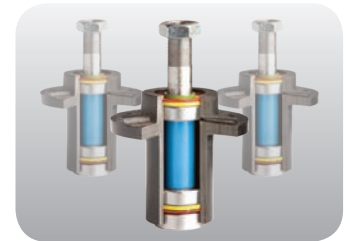

**Vanguard® Engine** – 26 horsepower commercial engine.

**OCDC** – Open and close the discharge chute on command.

**Hydro-Gear® ZT-3400** – Commercial-grade transmission with serviceable filter.

**Heavy-Duty Spindles** – Tried and true design for over 25 years.

**48"/54" V6 Cutting System** – Deeper deck for cutting through thick grass.

**4 YEAR
