» Enhanced or step-up feature

*The gross torque of this engine was laboratory rated at 2600 RPM per SAE J1940 by the engine manufacturer. As configured to meet safety, emission and operating requirements, the actual engine torque on these mowers may be significantly lower. *Space savings are in relation to the space consumed by a Toro 22" walk power mower stored with the handle in the standard operating position. We reserve the right to improve our products and make changes in the specifications, designs and standard equipment without notice and without incurring obligation. **See dealer for complete warranty details and for Guaranteed to Start Warranty (GTS) warranty details and limitations.

IDEAL FOR LARGE YARDS, UP TO AN ACRE OR MORE

TIME SAVER
Finish jobs faster with the 30" deck.
